

**Conference on
Structure and Dynamics
of the SARCOMERE**

**May 4-6, 2016
Belgrade, Serbia**

The Conference on Structure and Dynamics of the Sarcomere 4-6 May, Belgrade, Serbia

Dear colleagues,

We cordially invite you to attend The Conference on Structure and Dynamics of the Sarcomere focused on function and malfunction of different sarcomeric components and proteins of striated muscles. We will also discuss various approaches to molecular and structural studies, as well as different model systems. So, this would be an opportunity to present and challenge your latest findings in fundamental research and clinical science related to muscle cells and sarcomere.

OPEN CALL FOR POSTER ABSTRACTS

The call for poster abstracts is open until the **20 April 2016**. Submit your abstract during registration process.

REGISTRATION

There is **NO** registration fee.
